

BULLETIN 15/1

Benefit: Correct installation**Product:** ME2008, Microprocessor Interface Controller Safety Card**Feature:** Installation**Date:** 23 April 2015ME2008

To ensure that installation of your ME2000/ME2008 units is

- correctly performed (correct voltages, wiring connection and setup parameters for chemicals and matching flowmeters); and
- installed in a timely and efficient manner with minimum downtime to you

ManuFlo strongly recommend using only trained installers who are very experienced in the installation and operation of ManuFlo equipment.

The latest list of preferred installers is on our webpage <http://www.manuelectronics.com.au/resellers.html> and the current list of major installers in Australia is attached.

NSW	All Plant Electrical	David Campbell	0406 387 509	Accredited Jonel Installer
	Campbell Electrical	Trevor Campbell	02 9606 9230	Accredited COMMANDbatch Installer
